BONN

Upcoming Events

- Bethe Forum on ML-based sampling in LFTs next week!

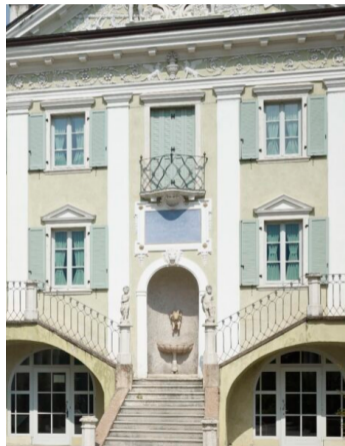

Upcoming Events

- Bethe Forum on ML-based sampling in LFTs next week!
- [Srimoneh Sen](#) (Iowa) will visit from December 7 - 14
She will talk in the physics colloquium and give one more specialised seminar

Upcoming Events

- Bethe Forum on ML-based sampling in LFTs next week!
- [Srimoneh Sen](#) (Iowa) will visit from December 7 - 14
She will talk in the physics colloquium and give one more specialised seminar
- [ECT*](#) workshop 1.-5. September 2025 on:
Hamiltonian LGTs: Status, Novel Developments and Applications
Trento, Italy

Upcoming Events

- NuMerIQS Retreat 2025
Kloster Steinfeld, Eifel
September 15 - 18, 2025
 - first day for PhD students and PDs only
 - they can organise this themselves
(with support of course)
 - ⇒ who would take the lead here?
 - how do we want to organise the retreat?
 - proposals for external speakers and / or topics!?

Upcoming Events

What else to organise?

- we have money for workshops and schools!
- need proposals and organisers
- David and I thought to maybe organise a conference in late summer 2026
- we urgently need to go beyond physics!

Some Formalities

- email-list: numeriqs-all@listen.uni-bonn.de
if you are not on the list let us know
- web page: numeriqs.hiskp.uni-bonn.de
- where else to harvest NuMerIQS publications?
- travel money: 2024 about 2000 Euro per NuMerIQS financed position
will be less next year
I still have to approve, please send cost estimates
- please acknowledge NuMerIQS in publications!
"This project was funded by the Deutsche Forschungsgemeinschaft (DFG, German Research Foundation) as part of the CRC 1639 NuMerIQS – project no. 511713970"
- please acknowledge NuMerIQS in your slides and posters!

What do we learn from this Retreat?

we need to learn eachothers language
(better)

- please scan QR code
- pose short questions
- put term you don't know / didn't understand
- also vote for other posts!

Do we want to organise a ...*for dummies* series?

- 30 min. presentation
- max 20 slides
- bi-weekly or so...

opinions?

NuMeriQS Internships?

- PhD from NuMeriQS group A spends a month in NuMeriQS group B
- learns a skill where group B is specialist in
- better communication / interaction within NuMeriQS
- better dissemination of knowledge

opinions?

Any other Buisness?

Any other Buisness?

Thanks for coming!
