BREAKOUT SESSIONS

The program includes two blocks for breakout sessions

Idea:

- Smaller groups to discuss specific topics (groups remain the same across the two blocks)
- Groups will be assigned this afternoon in first block
- Wrap-up discussion on Friday

Topics:

- Some breakout topics summarised here: <https://indico.hiskp.uni-bonn.de/event/699/page/209-breakout-sessions>
- Brief advertisement at the beginning of the first breakout block
- **More ideas for topics very welcome!**

CODE OF CONDUCT

All meetings at the SCfA are event where researchers are encouraged to have free discussions, and a free exchange of ideas and scientific results. All attendees are expected to **behave professionally** and **treat each other with respect** for the duration of the meeting and in all activities related to it. Ideas and results must be openly and respectfully discussed based solely on their scientific merits, whereas **personal attacks are not acceptable**. Appropriate and respectful language should be used by all attendees in their interactions throughout the meeting in all platforms the conference utilises. Participants are advised to be mindful and respectful at all times of cultural differences among the participants and are expected to create an inclusive meeting climate. **Any discriminatory behaviour against colleagues on any basis, such as gender, race, ethnic background, national origin, religion, political affiliation, age, marital status, sexual orientation, disabilities or any other reason will not be tolerated** during all conference activities.

Attendees who witness or are affected by possible **violations of the Code of Conduct should contact one or more members of the SOC** they feel comfortable with. The complaint will be examined by the SOC members of the meeting and appropriate actions will be taken if the majority concurs that the code has been violated.
