

## **Session Program**

**7-11 Jul 2025**

# **New Strategies for Extracting Cosmology from Galaxy Surveys - 3rd edition**

## ***Overview talks***

Sexten Center for Astrophysics Riccardo Giacconi  
Sexten Primary School Via Panorama 6, Sexten

## Monday 7 July

09:30

10:30

### Overview talks: Higher-order N-point statistics

**Session** |

**Location:** Sexten Center for Astrophysics Riccardo Giacconi, Sexten Primary School Via Panorama 6, Sexten |

**Convener:** Emiliano Sefusatti

## Tuesday 8 July

09:00

10:00

### Overview talks: Field-level inference

**Session** |

**Location:** Sexten Center for Astrophysics Riccardo Giacconi, Sexten Primary School Via Panorama 6, Sexten |

**Convener:** Carolina Cuesta Lazaro

## Wednesday 9 July

09:00

### Overview talks: Simulation-based inference

**Session** |

**Location:** Sexten Center for Astrophysics Riccardo Giacconi, Sexten Primary School Via Panorama 6, Sexten |

**Convener:** Beatriz Tucci

10:00

16:00

### Overview talks: Beyond N-point statistics

**Session** |

**Location:** Sexten Center for Astrophysics Riccardo Giacconi, Sexten Primary School Via Panorama 6, Sexten |

**Convener:** Mathilde Pinon

17:00
